Section 1. Non-Discrimination

The Board agrees that there shall be no discrimination concerning terms and conditions of employment on the basis of membership or participation in the Association.

Such meetings and business shall not interfere with District educational programs and shall be conducted outside of the contracted hours of employment. The Association shall log such use and reimburse the District a mutually pre-agreed fee for any costs resulting from such Association use of a building and equipment and if, while using the equipment, the equipment is damaged, it shall be the Association's responsibility to pay the entire cost to repair the equipment bringing it back to its pre-damaged status (the District shall provide forms).

The Association shall notify the Superintendent of the names of the teachers contributing to the Association leave bank and the amount of leave contributed by each before October 15 of each contract year. The teacher contributed bank of association leave shall be up to 37.5 hours of non-expiring leave time.

Section 5. Fair Share

- (a) It is recognized that the responsibilities of the exclusive representation of teachers under this Agreement entail expenses, which appropriately are shared by all teachers who are beneficiaries of this Agreement. Consequently, the District shall, after obtaining the written authorization of a teacher, deduct an amount at least equal to the Unified Association dues from the teacher's salary, except as provided below.
- (b) Employees who object to payment of the fee on religious grounds may file a claim for exemption with the Association or with the Alaska Labor Relations Agency as provided in that agency's regulations. The parties shall meet as promptly as is feasible to negotiate a replacement for an invalidated or questioned provision.
- (g) Along with each month's transmittal the District shall furnish the Association with an alphabetized list showing the names of all teachers from whose salary the Unified Associate fee has been deducted.

- (h) The Association agrees to defend, indemnify and hold the District harmless against any and all claims, liability, losses and expenses arising from any action taken by the District to comply with this section.

- (i) It is expressly understood that this indemnification shall not apply to any claim, demand suit or other form of liability which arises solely as a result of negligence or willful misconduct by the board.

The Board agrees to promptly notify the Association in writing of any claim, demand, suit or other form of liability regarding implementation of the provisions of this Article and, if the Association so requests in writing, to surrender to the Association full responsibility for the defense of such claim, suit or other form of liability. The standard teacher's contract shall consist of 188 days. These days shall consist of the following:

- (a) One hundred eighty (180) days in session;

The length of the school day for each teacher shall be seven and one-half (7.5) hours exclusive of a thirty (30) minute duty-free lunch and inclusive of an uninterrupted preparation period of sixty (60) minutes to be taken in the morning unless approved by the Superintendent.

Section 2. Right to Representation

A teacher shall, at his/her request, have a representative of the Association present at a meeting when he/she is being reprimanded, warned or disciplined for any infraction of rules, regulation, board policy, Superintendent directives, or delinquency in professional performance. The Association representative shall use association Leave for such meetings when held during the school day. When a teacher desires to have a representative present, the District shall allow up to 24 hours for the representative to be able to be present, unless the District determines that the infraction or delinquency is of such a nature as to require immediate action. A document whose content is limited only to a confirmation of a conversation shall not be considered disciplinary in nature, unless such conversation and confirmation thereof included an oral reprimand, or some other form of discipline.

Section 3. Personnel Files

- (a) Upon request, the teacher shall be allowed to review and/or have a copy of anything in the teacher's personnel file, except material that the teacher authorized to be kept confidential during the hiring process. This paragraph does not preclude the use of information from a teacher's personnel file as evidence in a grievance proceeding, disciplinary, or non-retention proceeding, or lawsuit if the information from the file is relevant to an issue in the proceeding or lawsuit. The review of the file shall be in the Superintendent's or designee's presence.
- (b) Materials derogatory to a teacher's conduct, service, character, or personality shall not be placed in a teacher's file unless the teacher has had an opportunity to read and sign the material. Such signature does not necessarily indicate agreement with the content of such material. The teacher shall have the right to answer any material within twenty (20) days of the teacher's receipt of the material and this answer shall be attached to the file copy.
- (c) Evaluation forms and other documents pertaining to the teacher's performance and character shall remain a permanent part of the teacher's personnel file.

Section 4. Evaluations (Ref. AS 14.20.149)

- (a) The District shall prepare a written evaluation of each non-tenured teacher in the District at least twice during each school year and tenured teachers at least once during each school year, except where less frequent evaluation is permitted by law and the District elects that option for a particular tenured teacher in a particular year.
- (b) The Superintendent shall communicate to each teacher the criteria the District shall employ to evaluate teacher performance by the fall in-service or the teacher's first work day, whichever date is earlier. The evaluation form to be used to record and summarize evaluation results shall be delivered to each teacher within the same time limit.
- (c) The completed written evaluation form shall be signed by the evaluator and delivered to the teacher. The teacher shall sign and return the evaluation form to the Superintendent with any comments within fifteen (15) days of such delivery. Failure to sign and return the evaluation form within fifteen (15) days shall constitute a waiver of the teacher's right to comment on the evaluation and a copy of the evaluation may thereafter be placed in the teacher's personnel file without the teacher's signature.
- (d) A teacher shall be notified of information that is given to the District from outside sources, as per board policy, regarding the teacher's performance prior to the incorporation of such information in the teacher's evaluation.
- (e) Support staff such as counselors, school nurse, psychologist, etc., shall be evaluated on an instrument that shall be developed especially for that job description.
- (f) The District shall provide a teacher a copy of his or her personnel file at any time during, or after they have left employment in the district upon the submission of a notarized letter requesting information along with a money order made out to the Chatham School District for \$5.00.
- (g) Evaluations shall be consistent with AS 14.20.149.

Section 5. Release Time for Meetings

Whenever any teacher is scheduled by the School Board or the Administration to participate during the school day in conferences, or meetings, he/she shall suffer no loss in pay. Conference and meetings subject to this section shall be scheduled outside the school day whenever possible.

Section 6. Staffing

- (a) ***Posting of Vacancies.*** Written notice of vacant position(s) that occur during the school year, August 1 to June 1, shall be posted in all school buildings as the vacancy occurs. All vacancies shall be open exclusively to in-district transfers or certified staff for a minimum of ten (10) days, if the vacancy is not filled, it shall be advertised to the general public. The District shall send a copy of this announcement to the Association president. The notice shall state the site of the vacancy, the qualifications needed to fill the position, and the date by which applications must be delivered. If a vacancy occurs after the school year ends, only those teachers who have specifically requested such a position pursuant to (e) (2) of this article shall be contacted in writing or telephone by the District. The teacher shall have a responsibility of notifying the Superintendent of his/her address and telephone number or any

change thereto. Upon contact by the district, the teacher shall have five (5) days to indicate interest in said position to the Superintendent.

- (b) *Qualifications*: Qualifications that the District shall consider in filling vacancies include:
 - (1) Certification and/or endorsement(s);
 - (2) An appropriate major or minor;
 - (3) Satisfactory evaluation for the year preceding the request for transfer
 - (4) Training and/or successful experiences related to curricular and/or extracurricular assignments listed in the notice of position vacancy;
 - (5) Tenure and length of teaching experience within the District;
 - (6) Reasonable needs of the District.
- (c) *Vacancy*. A position is considered vacant if (1) the administration declares the position to be vacant; (2) the district creates a new teaching position.
- (d) *Transfers*. “Transfers” means reassignment of a teacher to a teaching assignment in a school site outside the community of the teacher’s then-current teaching assignment. This section does not restrict the District’s authority to reassign teachers within a school site or a community.
- (e) *Voluntary Transfers*.
 - (1) The District shall evaluate applications seeking a voluntary transfer to an open teaching position based on the qualifications stated in the notice of the open teaching position. Applicants currently employed by the District shall be preferred to applicants not currently employed by the District if qualification of each, as determined by the District, are equal.
 - (2) A District teacher may deliver a written request for a transfer or change of assignment within the school site where the teacher is employed to the District describing by type or location the transfer or assignment sought. The District shall maintain file of requests so received. On request, a teacher who has been denied a vacant position so requested shall be provided a written statement of the reasons for the denial.
 - (3) The District may pay the cost of a teacher’s moving expenses in connection with a voluntary transfer.
- (f) *Involuntary Transfers*. There is a mutual recognition that some involuntary transfers from one school to another within a school system are unavoidable if all efforts to voluntarily transfer an employee have been exhausted. The Superintendent shall make any involuntary transfer or reassignment decisions. Said transfers or reassignments shall be based on least seniority, educational program and/or enrollment decisions as outlined in CSD Board Policy.
 - (1) Any teacher may resign, or if tenured, take a leave of absence for up to one year, without penalty in lieu of accepting an involuntary transfer.
 - (2) The District shall pay the cost of moving a teacher’s household goods and family in an involuntary transfer. Costs of a move shall be approved by the Superintendent or his/her designee prior to the move.
 - (3) An involuntary transfer shall be made only after a meeting between the teacher involved and the Superintendent, at which time the teacher shall be notified of the reasons for the transfer. The teacher shall, at his/her option, have a representative present at the meeting. Such meeting may be telephonic.
 - (4) The District shall provide the certified employee fourteen (14) days, exclusive of holidays, notice before the transfer occurs and shall be given seven (7) days on in-service time to prepare for the new position. Any retraining required by the District shall be at District expense.

- (g) *Teacher Exchange.*
 - (1) Pursuant to 4 AAC 30.010

Section 7. Extended Contracts

- (a) All contract extensions except those the District give pursuant to early retirement offerings shall be calculated at the teacher's daily rate and applicable benefits shall accrue at the regular rate.
- (b) Special project contracts shall be written for amounts not related to the salary schedule.

Section 8. Travel Expenses

Teachers who travel at the request of the District shall be assured, prior to travel, of payment for their travel expenses as provided below:

- (a) The per diem rate for meals shall be \$50.00. Except when the District or Conference/Seminar organizer provides meals, per diem is not appropriate.
- (b) Lodging and commercial air, water and ground transportation shall be reimbursed or, at the option of the District, paid in advance.

Section 9. Non-retention and Dismissal

Non-retention and dismissal shall comply with state law (AS 14.20.170-AS 14.20.180). A non-tenured teacher who is not being retained shall receive a notice of non-retention by the April board meeting annually. If possible, non-tenured teachers shall be notified as soon as the Superintendent knows of the fact.

Section 10. Certificated Staff Reduction in Force

For the purposes of this article, a reduction in force (RIF) shall be defined as the layoff of a tenured certificated staff member as a result of the need to reduce the total number of certificated staff positions within the District. This article does not cover terminations which occur as the result of some other reason, whether or not the total number of certified staff positions is also reduced at the same time. This section shall be interpreted consistent with AS 14.20.177 and is not intended to restrict the District's ability to lay off staff pursuant to that statute.

Where the Board determines that a reduction may be necessary, it shall first proceed by determining the specific educational program components which are to be eliminated or reduced in size. The Board shall seek and consider public input, including that of certificated staff members, in deciding the program components to be eliminated or reduced in size. At the conclusion of this process, the Board shall determine the total number and specific identities of the positions to be eliminated.

Once the specific positions to be eliminated have been determined, the Board shall next proceed to determine whether there is a need to terminate specific tenured staff members in order to achieve the necessary reduction in force.

Attrition in program components not to be eliminated or reduced in size does not affect the need to reduce certificated staff if the certificated staff members employed in program components eliminated or reduced in size are not qualified to transfer to fill the positions vacated by attrition. For the purpose of the paragraph a tenured teacher is “qualified” to fill a position according to criteria set out in AS 14.20.177. If it remains necessary to layoff tenured certificated staff members in order to achieve the necessary reduction in force, the Board shall determine the specific staff members to be laid off by evaluating the educational program needs of the District, the employee’s educational background, training, evaluations, length of service in the District, experience, and such other factors as the Board may determine to be relevant to its decision.

Layoffs shall occur in the following order after taking into account the considerations set out above:

- A) Temporary hires
- B) Emergency or provisionally certified teachers.
- C) Reverse seniority, unless it results in a position not being filled by a qualified teacher. In addition, a tenured teacher, who because of portability has less seniority than a non-tenured teacher, shall be retained in favor of the non-tenured teacher if the tenured teacher is qualified to fill a remaining position. The Board’s determination and decision shall be considered final.
- D) A teacher laid off pursuant to this clause shall be entitled to a preference for rehire by the District in accordance with the provision of AS 14.20.177.

A layoff shall not be considered a break in service. Upon rehire, a teacher who has been subject to layoff shall have restored the rights and benefits accrued as of the date of the layoff.

Section 11. New Teachers

New teachers in the district shall be provided at point of hire with the following:

- (1) Certified Staff Handbook
- (2) Benefits Handbook
- (3) Negotiated Agreement

The Superintendent shall consider leave requests made outside of these time lines.
- (2) A definite plan for the use of such leave shall be made to the Board in writing. The plan must detail the expected value of the leave to the District and the commitment of the teacher to return to the District following the leave of absence.
- (3) The request shall be considered by the Board and approved or disapproved after considering the request on its merits.
- (4) Requests for reason of illness shall be accompanied by a doctor's statement.
- (5) The teacher on leave of absence shall provide the Superintendent with written notice of his/her plan to return to the District by March 1 of the year the teacher is on leave. If the teacher fails such written notice, the District shall treat it as a termination of any rights the teacher had to return to employment with the District.

(b) The Board shall grant a leave of absence without pay for a period not to exceed one school year for any reason deemed adequate by the Board, including, but not limited to medical reasons, professional growth, Association business, study abroad, travel, or working in a professionally related field. On returning from an approved leave of absence without pay, the teacher shall be assigned back to their original position if available, and if not to any position in the District for which he/she is qualified.

(c) If the teacher earns at least 24 semester hours of graduate credit from an accredited college or university in (a) education, (b) the teacher's content area, and/or (c) related to education, (provided that all courses must relate to the teacher's teaching assignment or potential teaching assignment during the leave of absence), the teacher shall advance one year on the salary schedule when the teacher returns to employment with the District at the conclusion of the leave of absence.

(d) Within thirty (30) days of the teacher's return to the District, a full written report shall detail the substance of the leave taken, what was gained from the leave, how the teacher intends to use what he/she gained from the leave, and a statement as to the value of the leave to the teacher and to the District.
